BLOCKS OF WERIHEZ AND FISENNE

Small block session with **Jolien Bammens, Michel Verdrene and Tom Haber**

The place suffered a rather messy blank cut, it nevertheless has the advantage to expose the blocks to the sun.

Luxembourg – Fisenne – Erezee

IGN 55-1/2

Coordinates : X 233.750 Y 109.750

1 By. E25 exit 49 Manhay, then direction Hotton. At the Erezee bridge, go up the N 807 towards Fisenne.

Arrived at the first houses take left, the street of rocks up' to a chapel where cars are left. To the right of the chapel, a path forest leads directly to the rocks.

2. Going up the N 807, a few hundred meters after the container park in a long bend and on the left of the road, there is a shoulder or the'on can park, you are at the foot of the massif.

Description :

Appointed « **Rock the Devil** » by the natives, it's a small group of rocks in solid pudding vertical to slightly spilled, from 2 to 5 meters of high maximum, They are scattered in a fir tree and flanked by different levels that extend over two small areas **La Barre-Becue (top and bottom) and the road sector**. In places the rock is clean, but most often covered with foam.

Remarks :

Nous we inaugurated the site and quickly cleaned the blocks, in 2009, for the possible amateurs a cleaning s'imposera and it is better to'abront l' place in dry weather.

La Becue Bar

East long of about twenty meters and presents at its base a pleasant ground flat, suitable for family picnic.

Several passages from 3 to 5c opened in 2009, by S. Debanderle and J-C Vittoz,

notably:

L'Arte from Sardine

Sausage Grilled

Ca or Nothing

Les Norman Holes

Good Moss

Napperitive
